4.1. Community Outreach

4.1.1. Community outreach decisions will be guided by the following principles:

- Is the initiative relevant to DC's strategic plan?
- Does the initiative position DC as a community builder?
- Does the initiative help to foster partnerships with organizations that can advance DC priorities?
- Does the initiative provide opportunities for student and/or employee engagement?
- Does the initiative provide networking, stewardship, and/or education opportunities for staff and/or students?
- Has the organization received support from DC in previous years?

- 4.1.2. Community outreach activities will strive to ensure contributions are proportionate to the campus size in each community and geographic scope will be a consideration.
 - a) Priority will be given to organizations whose influence is region-wide or in college target markets.
 - b) Secondary markets, outside of Durham Region, will be considered on a case-by-case basis.
 - c) Exceptions may be considered for opportunities that provide significant benefit to the college.
 - 4.1.3. Community outreach activities will be tracked to ensure whether they benefit the community, DC business or DC academic programs.
 - 4.1.4. A voluntary survey will be conducted annually to inform the college on community priorities and assess the current contributions of DC employees.
 - 4.1.5. The only exception to this policy and procedure will be curriculum-driven fundraisers hosted by students as part of their course work.
- 4.2. DC's Community Outreach funds do not provide funding for:
- Core or operating funding at another organization
